

AFP Exclusive Speaking Opportunity

Brought to you by The NonProfit Group

The NonProfit Group is a dedicated consulting firm with a mission to empower and strengthen nonprofit organizations, while creating lasting positive impacts on the communities they serve. With decades of accumulated experience and a deep understanding of nonprofits' challenges, our group specializes in crafting unique fundraising strategies tailored to each organization's needs.

Sharing knowledge is critical to driving the nonprofit sector forward. With this in mind, we are excited to offer AFP Chapters an exclusive opportunity. Paul A. Dunne, CFRE, and Manuel Mesa, Principals of The NonProfit Group, are available to present on various fundraising topics tailored to your chapter's interests and requirements.

Some potential topics include:

1. Board Development
2. Building and Maintaining Donor Relationships
3. Crafting a Compelling Story for Your Campaigns
4. Innovative Fundraising Techniques in the Digital Age
5. Major Gifts

If this opportunity aligns with your chapter's objectives and interests, we would love to discuss potential dates, formats (whether virtual or in-person), and specific topics that will resonate most with your audience.

We look forward to working closely with your chapter and aiding in the continued success of your fundraising efforts.

Thank you for considering this partnership!
